Item #4

- County Development Director Memo
- JDSD Farms LLC Master Matrix Score Sheet
- Board of Supervisors JDSD Farms LLC Construction Permit Application Recommendation Letter

MEMO

To: Muscatine Board of Supervisors

From: County Development Director Eric Furnas

Re: Public Hearing on proposed Confined Animal Feeding Operation

On Monday October 12 at 09:00 a.m. we will hold a public hearing on a proposed animal feeding operation to be operated by JDSD Farms LLC. The facility is to be located east of Davis Avenue in Section 10 of Wapsinonoc Township. The facility will include two 2499 head swine finishing barns with a total Animal Unit Capacity of 1999.2. Because Muscatine County has adopted a Construction Evaluation Resolution and the proposed Animal Units exceed 1000, the producer is required to submit a Master Matrix and Muscatine County is required to score the matrix and make a recommendation to the DNR on whether or not the Construction Permit should be issued. In order to receive a passing score to earn a favorable recommendation, the proposed facility needs to score a minimum total score of 440 points, a minimum of 53.38 points in the Air sub-category, 67.75 points on the Water sub-category and 101.3 points in the Community sub-category.

County Staff has completed the scoring of the Master Matrix for this facility and finds that it earns a **total score of 490, 116.25 in the Air sub-category, 146.25 in the Water sub-category, and 233.25 in the Community sub-category.** Because the facility has earned minimum total and sub-category points, we find no reason that the Muscatine Board of Supervisors should not recommend to the Iowa DNR that the Construction Permit be issued.

APPENDIX B MASTER MATRIX

Proposed Site Characteristics

The following scoring criteria apply to the site of the proposed confinement feeding operation. Mark one score under each criterion selected by the applicant. The proposed site must obtain a minimum overall score of 440 and a score of 53.38 in the "air" subcategory, a score of 67.75 in the "water" subcategory and a score of 101.13 in the "community impacts" subcategory.

1. Additional separation distance, above minimum requirements, from proposed confinement structure(s) to the closest:

- * Residence not owned by the owner of the confinement feeding operation, *1875 - Table 6*
 - * Hospital, *2,150'*
 - * Nursing home, or *2,150'*
 - * Licensed or registered child care facility, *2,150'*
- 65.1(2)*

503.48

	Score	Air	Water	Community
250 feet to 500 feet	25	16.25		8.75
501 feet to 750 feet	<u>45</u>	29.25		15.75
751 feet to 1,000 feet	65	42.25		22.75
1,001 feet to 1,250 feet	85	55.25		29.75
1,251 feet or more	100	65.00		35.00

- A. Refer to the construction permit application package to determine the animal unit capacity (or animal weight capacity if an expansion) of the proposed confinement feeding operation. Then refer to Table 6 (see 567 IAC 65.1(2)) to determine minimum required separation distances.
- B. The department will award points only for the single building, of the four listed above, closest to the proposed confinement feeding operation.
- C. "Licensed or registered child care facility" - a facility licensed or registered by the department of human services providing child care or preschool services for six or more children as provided in Iowa Code chapter 237A.
- D. A full listing of licensed and registered child care facilities is available at county offices of the department of human services.

2. Additional separation distance, above minimum requirements, from proposed confinement structure(s) to the closest public use area. *2,150'*

	Score	Air	Water	Community
250 feet to 500 feet	5	2.00		3.00
501 feet to 750 feet	10	4.00		6.00
751 feet to 1,000 feet	15	6.00		9.00
1,001 feet to 1,250 feet	20	8.00		12.00
1,251 feet to 1,500 feet	25	10.00		15.00
1,501 feet or more	<u>30</u>	12.00		18.00

- A. Refer to the construction permit application package to determine the animal unit capacity (or animal weight capacity if an expansion) of the proposed confinement feeding operation. Then refer to Table 6 (see 567 IAC 65.1(2)) to determine minimum required separation distances.
- B. "Public use area" - a portion of land owned by the United States, the state, or a political subdivision with facilities which attract the public to congregate and remain in the area for significant periods of time. Facilities include, but are not limited to, picnic grounds, campgrounds, cemeteries, lodges, shelter houses, playground equipment, lakes as listed in Table 2 (see 567 IAC 65.1(2)), and swimming beaches. It does not include a highway, road right-of-way, parking areas, recreational trails or other areas where the public passes through, but does not congregate or remain in the area for significant periods of time.

3. Additional separation distance, above minimum requirements, from proposed confinement structure(s) to the closest:

- * Educational institution,
- * Religious institution, or
- * Commercial enterprise.

	Score	Air	Water	Community
250 feet to 500 feet	5	2.00		3.00
501 feet to 750 feet	10	4.00		6.00
751 feet to 1,000 feet	15	6.00		9.00
1,001 feet to 1,250 feet	20	8.00		12.00
1,251 feet to 1,500 feet	25	10.00		15.00
1,501 feet or more	30	12.00		18.00

- A. Refer to the construction permit application package to determine the animal unit capacity (or animal weight capacity if an expansion) of the proposed confinement feeding operation. Then refer to Table 6 (see 567 IAC 65.1(2)) to determine minimum required separation distances.
- B. The department will award points only for the single building, of the three listed above, closest to the proposed confinement feeding operation.
- C. "Educational institution" - a building in which an organized course of study or training is offered to students enrolled in kindergarten through grade 12 and served by local school districts, accredited or approved nonpublic schools, area education agencies, community colleges, institutions of higher education under the control of the state board of regents, and accredited independent colleges and universities.
- D. "Religious institution" - a building in which an active congregation is devoted to worship.
- E. "Commercial enterprise" - a building which is used as a part of a business that manufactures goods, delivers services, or sells goods or services, which is customarily and regularly used by the general public during the entire calendar year and which is connected to electric, water, and sewer systems. A commercial enterprise does not include a farm operation.

4. Additional separation distance, above the minimum requirement of 500 feet, from proposed confinement structure(s) to the closest water source.

	Score	Air	Water	Community
250 feet to 500 feet	5		5.00	3.00
501 feet to 750 feet	10		10.00	6.00
751 feet to 1,000 feet	15		15.00	9.00
1,001 feet to 1,250 feet	20		20.00	12.00
1,251 feet to 1,500 feet	25		25.00	15.00
1,501 feet or more	30		30.00	18.00

they forgot to claim these community points

"Water source" - a lake, river, reservoir, creek, stream, ditch, or other body of water or channel having definite banks and a bed with water flow, except lakes or ponds without an outlet to which only one landowner is riparian.

5. Separation distance of 300 feet or more from the proposed confinement structure(s) to the nearest public thoroughfare.

	Score	Air	Water	Community
300 feet or more	30	9.00		21.00

- A. "Public Thoroughfare" - a road, street, bridge, or highway open to the public and constructed or maintained by the state or a political subdivision.
- B. The 300-foot distance includes the 100-foot minimum setback plus an additional 200 feet.

6. Additional separation distance, above minimum requirements, from proposed confinement structure(s) to the closest critical public area.

	Score	Air	Water	Community
500 feet or more	10	4.00		6.00

- A. All critical public areas as defined in 567 IAC 65.1 are public use areas and therefore subject to public use area minimum separation distances.
- B. Refer to the construction permit application package to determine the animal unit capacity (or animal weight capacity if an expansion) of the proposed confinement feeding operation. Then refer to Table (see 567 IAC 65.1(2)) to determine minimum required separation distances.

7. Proposed confinement structure(s) have at least two times the minimum required separation distance from all private and public water wells.

	Score	Air	Water	Community
Two times the minimum separation distance	30		24.00	6.00

Refer to Table 6 (see 567 IAC 65.1(2)) for minimum required separation distances to wells.

8. Additional separation distance, above the minimum requirement of 1,000 feet, from proposed confinement structure(s) to the closest:

- * Agricultural drainage well,
- * Known sinkhole, or
- * Major water source.

	Score	Air	Water	Community
250 feet to 500 feet	5	0.50	2.50	2.00
501 feet to 750 feet	10	1.00	5.00	4.00
751 feet to 1,000 feet	15	1.50	7.50	6.00
1,001 feet to 1,250 feet	20	2.00	10.00	8.00
1,251 feet to 1,500 feet	25	2.50	12.50	10.00
1,501 feet to 1,750 feet	30	3.00	15.00	12.00
1,701 feet to 2,000 feet	35	3.50	17.50	14.00
2,001 feet to 2,250 feet	40	4.00	20.00	16.00
2,251 feet to 2,500 feet	45	4.50	22.50	18.00
2,501 feet or more	50	5.00	25.00	20.00

- A. The department will award points only for the single item, of the three listed above, closest to the proposed confinement feeding operation.
- B. "Agricultural drainage wells" - include surface intakes, cisterns and wellheads of agricultural drainage wells.
- C. "Major water source" - a lake, reservoir, river or stream located within the territorial limits of the state, or any marginal river area adjacent to the state which can support a floating vessel capable of carrying one or more persons during a total of a six-month period in one out of ten years, excluding periods of flooding. Major water sources in the state are listed in Tables 1 and 2 (see 567 IAC 65.1(2)).

9. Distance between the proposed confinement structure(s) and the nearest confinement facility that has a submitted department manure management plan.

	Score	Air	Water	Community
Three quarters of a mile or more (3,960 feet)	25	7.50	7.50	10.00

10. Separation distance from proposed confinement structure(s) to closest:

- * High quality (HQ) waters,
- * High quality resource (HQR) waters, or
- * Protected water areas (PWA)

is at least two times the minimum required separation distance. *could not find separation distance defined but > 41,000'*

	Score	Air	Water	Community
Two times the minimum separation distance	30		22..50	7.50

- A. The department will award points only for the single item, of the three listed above, closest to the proposed confinement feeding operation.
- B. HQ waters are identified in 567 IAC 65.1(2).
- C. HQR waters are identified in 567 IAC 65.1(2).
- D. A listing of PWAs is available at <https://www.iowadnr.gov/Things-to-Do/Canoeing-Kayaking/Caring-for-our-Rivers>

11. Air quality modeling results demonstrating an annoyance level less than 2 percent of the time for residences within two times the minimum separation distance.

	Score	Air	Water	Community
University of Minnesota OFFSET model results demonstrating an annoyance level less than 2 percent of the time	10	6.00		4.00

- A. OFFSET can be found at <https://extension.umn.edu/livestock-operations/manure-management>.
- B. A residence that has a signed waiver for the minimum separation distance cannot be included in the model.
- C. Only the OFFSET model is acceptable until the department recognizes other air quality models.

12. Proposed liquid manure storage structure is covered.

	Score	Air	Water	Community
Covered liquid manure storage	30	27.00		3.00

- A. "Covered" - organic or inorganic material, placed upon an animal feeding operation structure used to store manure, which significantly reduces the exchange of gases between the stored manure and the outside air. Organic materials include, but are not limited to, a layer of chopped straw, other crop residue, or a naturally occurring crust on the surface of the stored manure. Inorganic materials include, but are not limited to, wood, steel, aluminum, rubber, plastic, or Styrofoam. The materials shall shield at least 90 percent of the surface area of the stored manure from the outside air. Cover shall include an organic or inorganic material which current scientific research shows reduces detectable odor by at least 75 percent. A formed manure storage structure directly beneath a floor where animals are housed in a confinement feeding operation is deemed to be covered.
- B. The design, operation and maintenance plan for the manure cover must be in the construction permit application and made a condition in the approved construction permit.

13. Construction permit application contains design, construction, operation and maintenance plan for emergency containment area at manure storage structure pump-out area.

	Score	Air	Water	Community
Emergency containment area	20		18.00	2.00

- A. The emergency containment area must be able to contain at least 5 percent of the total volume capacity of the manure storage structure.
- B. The emergency containment area must be constructed on soils that are fine-grained and have low permeability.
- C. If manure is spilled into the emergency containment area, the spill must be reported to the department within six hours of onset or discovery.
- D. The design, construction, operation and maintenance plan for the emergency containment area must be in the construction permit application and made a condition in the approved construction permit.

14. Installation of a filter(s) designed to reduce odors from proposed confinement structure(s) exhaust fan(s). Filters shall be installed on all exhaust fans.

	Score	Air	Water	Community
Installation of filter(s)	~~10~~	8.00		~~2.00~~

The design, operation and maintenance plan for the filter(s) must be in the construction permit application and made a condition in the approved construction permit.

15. Utilization of landscaping around proposed confinement structure.

	Score	Air	Water	Community
Utilization of landscaping	~~20~~	~~10.00~~		~~10.00~~

The design, operation and maintenance plan for the landscaping must be in the construction permit application and made a condition in the approved construction permit. The design should contain at least three rows of trees and shrubs, of both fast- and slow-growing species that are well suited for the site.

16. Enhancement, above minimum requirements, of structures used in stockpiling and composting activities, such as an impermeable pad and a roof or cover.

	Score	Air	Water	Community
Stockpile and compost facility enhancements	<u>30</u>	9.00	18.00	3.00

- The design, operation and maintenance plan for the stockpile or compost structure enhancements must be in the construction permit application and made a condition in the approved construction permit.
- The stockpile or compost structures must be located on land adjacent or contiguous to the confinement building.

17. Proposed manure storage structure(s) is formed.

	Score	Air	Water	Community
Formed manure storage structure	<u>30</u>		27.00	3.00

- "Formed manure storage structure" - a covered or uncovered impoundment used to store manure from an animal feeding operation, which has walls and a floor constructed of concrete, concrete block, wood, steel, or similar materials. Similar materials may include, but are not limited to, plastic, rubber, fiberglass, or other synthetic materials. Materials used in a formed manure storage structure shall have the structural integrity to withstand expected internal and external load pressures.
- The design, operation and maintenance plan for the formed manure storage structure must be in the construction permit application and made a condition in the approved construction permit.

18. Manure storage structure is aerated to meet departmental standards as an aerobic structure, if aeration is not already required by the department.

	Score	Air	Water	Community
Aerated manure storage structure	~~10~~	8.00		~~2.00~~

I don't think we receive it

- "Aerobic structure" - an animal feeding operation structure other than an egg washwater storage structure which relies on aerobic bacterial action which is maintained by the utilization of air or oxygen and which includes aeration equipment to digest organic matter. Aeration equipment shall be used and shall be capable of providing oxygen at a rate sufficient to maintain an average of 2 milligrams per liter dissolved oxygen concentration in the upper 30 percent of the depth of manure in the structure at all times.
- The design, operation and maintenance plan for the aeration equipment must be in the construction permit application and made a condition in the approved construction permit.

19. Proposed confinement site has a suitable truck turnaround area so that semitrailers do not have to back into the facility from the road.

	Score	Air	Water	Community
Truck turnaround	20			20.00

- A. The design, operation and maintenance plan for the truck turnaround area must be in the construction permit application and made a condition in the approved construction permit.
- B. The turnaround area should be at least 120 feet in diameter and be adequately surfaced for traffic in inclement weather.

20. Construction permit applicant's animal feeding operation environmental and worker protection violation history for the last five years at all facilities in which the applicant has an interest.

	Score	Air	Water	Community
No history of Administrative Orders or Administrative Consent Orders in last five years	30			30.00

- A. "Interest" - ownership of a confinement feeding operation as a sole proprietor or a 10 percent or more ownership interest held by a person in a confinement feeding operation as a joint tenant, tenant in common, shareholder, partner, member, beneficiary or other equity interest holder. Ownership interest is an interest when it is held either directly, indirectly through a spouse or dependent child, or both.
- B. An environmental violation is a final Administrative Order or Administrative Consent Order from the department or final court ruling against the construction permit applicant for environmental violations related to an animal feeding operation. A Notice of Violation does not constitute a violation.

21. Construction permit applicant waives the right to claim a Pollution Control Tax Exemption for the life of the proposed confinement feeding operation structure(s).

	Score	Air	Water	Community
Permanent waiver of Pollution Control Tax Exemption	5			5.00

- A. Waiver of Pollution Control Tax Exemption is limited to the proposed structure(s) in the construction permit application.
- B. The department and county assessor will maintain a record of this waiver, and it must be in the construction permit application and made a condition in the approved construction permit.

22. Construction permit applicant can lawfully claim a Homestead Tax Exemption on the site where the proposed confinement structure(s) is to be constructed

- OR -

the construction permit applicant is the closest resident to the proposed confinement structure(s).

	Score	Air	Water	Community
Site qualifies for Homestead Tax Exemption or permit applicant is closest resident to proposed structure	25			25.00

- A. Proof of Homestead Tax Exemption is required as part of the construction permit application.
- B. Applicant includes persons who have ownership interests. "Interest" - ownership of a confinement feeding operation as a sole proprietor or a 10 percent or more ownership interest held by a person in a confinement feeding operation as a joint tenant, tenant in common, shareholder, partner, member, beneficiary or other equity interest holder. Ownership interest is an interest when it is held either directly, indirectly through a spouse or dependent child, or both.

waiting on this one to add it

23. Construction permit applicant can lawfully claim a Family Farm Tax Credit for agricultural land where the proposed confinement feeding operation is to be located pursuant to Iowa Code chapter 425A.

	Score	Air	Water	Community
Family Farm Tax Credit qualification	25			25.00

?

Applicant includes persons who have ownership interests. "Interest" - ownership of a confinement feeding operation as a sole proprietor or a 10 percent or more ownership interest held by a person in a confinement feeding operation as a joint tenant, tenant in common, shareholder, partner, member, beneficiary or other equity interest holder. Ownership interest is an interest when it is held either directly, indirectly through a spouse or dependent child, or both.

24. Facility size.

	Score	Air	Water	Community
1 to 2,000 animal unit capacity	20			20.00
2,001 to 3,000 animal unit capacity	10			10.00
3,001 animal unit capacity or more	0			0.00

- Refer to the construction permit application package to determine the animal unit capacity of the proposed confinement structure at the completion of construction.
- If the proposed structure is part of an expansion, animal unit capacity (or animal weight capacity) must include all animals confined in adjacent confinement structures.
- Two or more animal feeding operations under common ownership or management are deemed to be a single animal feeding operation if they are adjacent or utilize a common area or system for manure disposal. In addition, for purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:
 - At least one confinement feeding operation structure must be constructed on and after May 21, 1998.
 - A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:
 - 1,250 feet for confinement feeding operations having a combined animal unit capacity of less than 1,000 animal units.
 - 2,500 feet for confinement feeding operations having a combined animal unit capacity of 1,000 animal units or more.

25. Construction permit application includes livestock feeding and watering systems that significantly reduce manure volume from conventional feeding and watering systems.

	Score	Air	Water	Community
Wet/dry feeders or other feeding and watering systems that significantly reduce manure volume	25		12.50	12.50

The design, operation and maintenance plan for the feeding system must be in the construction permit application and made a condition in the approved construction permit.

Proposed Site Operation and Manure Management Practices

The following scoring criteria apply to the operation and manure management characteristics of the entire confinement feeding operation. Mark one score under each criterion that best reflects the characteristics of the submitted manure management plan.

26. Liquid or dry manure (choose only one subsection from subsections "a" - "e" and mark only one score in that subsection).

a.	Score	Air	Water	Community
Bulk dry manure is sold under Iowa Code chapter 200A and surface-applied	15		15.00	
Bulk dry manure is sold under Iowa Code chapter 200A and incorporated on the same date it is land-applied	30	12.00	12.00	6.00

b.	Score	Air	Water	Community
Dry manure is composted and land-applied under the requirements of a manure management plan	10	4.00	4.00	.00
Dry manure is composted and sold so that no manure is applied under the requirements of a manure management plan	30	12.00	12.00	6.00
Methane digester is used to generate energy from manure and remaining manure is surface-applied under the requirements of a manure management plan	10	3.00	3.00	4.00
After methane digestion is complete, manure is injected or incorporated on the same date it is land-applied under the requirements of a manure management plan	30	12.00	12.00	6.00

c.	Score	Air	Water	Community
Dry manure is completely burned to generate energy and no remaining manure is applied under the requirements of a manure management plan	30	9.00	9.00	12.00
Some dry manure is burned to generate energy, but remaining manure is land-applied and incorporated on the same date it is land-applied	30	12.00	12.00	6.00

d.	Score	Air	Water	Community
Injection or incorporation of liquid manure on the same date it is land-applied	30	12.00	12.00	6.00

- A. Choose only ONE line from subsection "a," "b," "c," "d," or "e" above and mark only one score in that subsection.
- B. The injection or incorporation of manure must be in the construction permit application and made a condition in the approved construction permit.

- C. If an emergency arises and injection or incorporation is not feasible, prior to land application of manure, the applicant must receive a written approval for an emergency waiver from a department field office to surface-apply manure.
- D. Requirements pertaining to the sale of bulk dry manure pursuant to Iowa Code chapter 200A must be incorporated into the construction permit application and made a condition of the approved construction permit.
- E. The design, operation and maintenance plan for utilization of manure as an energy source must be in the construction permit application and made a condition in the approved construction permit.
- F. The design, operation and maintenance plan for composting facilities must be in the construction permit application and made a condition in the approved construction permit.

27. Land application of manure is based on a two-year crop rotation phosphorus uptake level.

	Score	Air	Water	Community
Two-year phosphorus crop uptake application rate	10		10.00	

- A. Land application of manure cannot exceed phosphorus crop usage levels for a two-year crop rotation cycle.
- B. The phosphorus uptake application rates must be in the construction permit application and made a condition in the approved construction permit.

28. Land application of manure to farmland that has USDA Natural Resources Conservation Service (NRCS)- approved buffer strips contiguous to all water sources traversing or adjacent to the fields listed in the manure management plan.

	Score	Air	Water	Community
Manure application on farmland with buffer strips	10		8.00	2.00

- A. The department may request NRCS maintenance agreements to ensure proper design, installation and maintenance of filter strips. If a filter strip is present but not designed by NRCS, it must meet NRCS standard specifications.
- B. The application field does not need to be owned by the confinement facility owner to receive points.
- C. On current and future manure management plans, the requirement for buffer strips on all land application areas must be in the construction permit application and made a condition in the approved construction permit.

29. Land application of manure does not occur on highly erodible land (HEL), as classified by the USDA NRCS.

	Score	Air	Water	Community
No manure application on HEL farmland	10		10.00	

Manure application on non-HEL farmland must be in the construction permit application and made a condition in the approved construction permit.

30. Additional separation distance, above minimum requirements (0 or 750 feet, see below), for the land application of manure to the closest:

- * Residence not owned by the owner of the confinement feeding operation,
- * Hospital,
- * Nursing home, or
- * Licensed or registered child care facility.

	Score	Air	Water	Community
Additional separation distance of 200 feet	5	3.25		1.75
Additional separation distance of 500 feet	10	6.50		3.50

- A. The department will award points only for the single building, of the four listed above, closest to the proposed confinement feeding operation.
- B. Minimum separation distance for land application of manure injected or incorporated on the same date as application: 0 feet.
- C. Minimum separation distance for land application of manure broadcast on soil surface: 750 feet.
- D. The additional separation distances must be in the construction permit application and made a condition in the approved construction permit.
- E. "Licensed or registered child care facility" - a facility licensed or registered by the department of human services providing child care or preschool services for six or more children as provided in Iowa Code chapter 237A.
- F. A full listing of licensed and registered child care facilities is available at county offices of the department of human services.

31. Additional separation distance, above minimum requirements (0 or 750 feet, see below), for land application of manure to closest public use area.

	Score	Air	Water	Community
Additional separation distance of 200 feet	5	2.00		3.00

- A. "Public use area" - a portion of land owned by the United States, the state, or a political subdivision with facilities which attract the public to congregate and remain in the area for significant periods of time. Facilities include, but are not limited to, picnic grounds, campgrounds, cemeteries, lodges, shelter houses, playground equipment, lakes as listed in Table 2 in 567—Chapter 65, and swimming beaches. It does not include a highway, road right-of-way, parking areas, recreational trails or other areas where the public passes through, but does not congregate or remain in the area for significant periods of time.
- B. Minimum separation distance for land application of manure injected or incorporated on the same date as application: 0 feet.
- C. Minimum separation distance for land application of manure broadcast on soil surface: 750 feet.
- D. The additional separation distances must be in the construction permit application and made a condition in the approved construction permit.

32. Additional separation distance, above minimum requirements (0 or 750 feet, see below), for the land application of manure to the closest:

- * Educational institution,
- * Religious institution, or
- * Commercial enterprise.

	Score	Air	Water	Community
Additional separation distance of 200 feet	5	2.00		3.00

- A. Minimum separation distance for land application of manure broadcast on soil surface: 750 feet.
- B. Minimum separation distance for land application of manure injected or incorporated on same date as application: 0 feet.
- C. The additional separation distances must be in the construction permit application and made a condition in the approved construction permit.
- D. "Educational institution" - a building in which an organized course of study or training is offered to students enrolled in kindergarten through grade 12 and served by local school districts, accredited or approved nonpublic schools, area education agencies, community colleges, institutions of higher education under the control of the state board of regents, and accredited independent colleges and universities.
- E. "Religious institution" - a building in which an active congregation is devoted to worship.
- F. "Commercial enterprise" - a building which is used as a part of a business that manufactures goods, delivers services, or sells goods or services, which is customarily and regularly used by the general public during the entire calendar year and which is connected to electric, water, and sewer systems. A commercial enterprise does not include a farm operation.

33. Additional separation distance of 50 feet, above minimum requirements (0 or 200 feet, see below), for the land application of manure to the closest private drinking water well or public drinking water well

- OR -

well is properly closed under supervision of county health officials.

	Score	Air	Water	Community
Additional separation distance of 50 feet or well is properly closed	10		8.00	2.00

- A. Minimum separation distance for land application of manure injected or incorporated on the same date as application or 50-foot vegetation buffer exists around well and manure is not applied to the buffer: 0 feet.
 B. Minimum separation distance for land application of manure broadcast on soil surface: 200 feet.
 C. If applicant chooses to close the well, the well closure must be incorporated into the construction permit application and made a condition in the approved construction permit.

34. Additional separation distance, above minimum requirements, for the land application of manure to the closest:

- * Agricultural drainage well,
- * Known sinkhole,
- * Major water source, or
- * Water source.

	Score	Air	Water	Community
Additional separation distance of 200 feet	5	0.50	2.50	2.00
Additional separation distance of 400 feet	10	1.00	5.00	4.00

- A. "Agricultural drainage wells" - include surface intakes, cisterns and wellheads of agricultural drainage wells.
 B. "Major water source" - a lake, reservoir, river or stream located within the territorial limits of the state, or any marginal river area adjacent to the state, which can support a floating vessel capable of carrying one or more persons during a total of a six-month period in one out of ten years, excluding periods of flooding. Major water sources in the state are listed in Tables 1 and 2 (see 567 IAC 65.1(2)).
 C. "Water source" - a lake, river, reservoir, creek, stream, ditch, or other body of water or channel having definite banks and a bed with water flow, except lakes or ponds without an outlet to which only one landowner is riparian.
 D. The additional separation distances must be in the construction permit application and made a condition in the approved construction permit.

35. Additional separation distance, above minimum requirements, for the land application of manure, to the closest:

- * High quality (HQ) water,
- * High quality resource (HQR) water, or
- * Protected water area (PWA).

	Score	Air	Water	Community
Additional separation distance of 200 feet	5		3.75	1.25
Additional separation distance of 400 feet	10		7.50	2.50

- A. The department will award points only for the single item, of the three listed above, closest to the proposed confinement feeding operation.
 B. HQ waters are identified in 567 IAC 65.1(2).
 C. HQR waters are identified in 567 IAC 65.1(2).
 D. A listing of PWAs is available at <https://www.iowadnr.gov/Things-to-Do/Canoeing-Kayaking/Caring-for-our-Rivers>

36. Demonstrated community support.

	Score	Air	Water	Community
Written approval of 100 percent of the property owners within a one-mile radius	~~20~~			~~20.00~~

37. Worker safety and protection plan is submitted with the construction permit application.

	Score	Air	Water	Community
Submission of worker safety and protection plan	~~10~~			~~10.00~~

- A. The worker safety and protection plan must be in the construction permit application and made a condition in the approved construction permit.
- B. The worker safety and protection plan and subsequent records must be kept on site with the manure management plan records.

38. Applicant signs a waiver of confidentiality allowing the public to view confidential manure management plan land application records.

	Score	Air	Water	Community
Manure management plan confidentiality waiver	~~5~~			~~5.00~~

The waiver of confidentiality must be in the construction permit application and made a condition in the approved construction permit. The applicant may limit public inspection to reasonable times and places.

39. Added economic value based on quality job development (number of full-time equivalent (FTE) positions), and salary equal to or above Iowa department of workforce development median (45-2093)
- OR -
the proposed structure increases commercial property tax base in the county.

	Score	Air	Water	Community
Economic value to local community	~~10~~			~~10.00~~

The Iowa department of workforce development regional profiles are available at www.iowaworkforce.org/centers/regionalsites.htm. Select the appropriate region and then select "Regional Profile."

40. Construction permit application contains an emergency action plan.

	Score	Air	Water	Community
Emergency action plan	5		2.50	2.50

- A. Iowa State University Extension publication PM 1859 lists the components of an emergency action plan. The emergency action plan submitted should parallel the components listed in the publication.
- B. The posting and implementation of an emergency action plan must be in the construction permit application and made a condition in the approved construction permit.
- C. The emergency action plan and subsequent records must be kept on site with the manure management plan records.

41. Construction permit application contains a closure plan.

	Score	Air	Water	Community
Closure plan	5		2.50	2.50

- A. The closure plan must be in the construction permit application and made a condition in the approved construction permit.
- B. The closure plan must be kept on site with the manure management plan records.

42. Adoption and implementation of an environmental management system (EMS) recognized by the department.

	Score	Air	Water	Community
EMS	15	4.50	4.50	6.00

- A. The EMS must be in the construction permit application and made a condition in the approved construction permit.
- B. The EMS must be recognized by the department as an acceptable EMS for use with confinement operations.

43. Adoption and implementation of NRCS-approved Comprehensive Nutrient Management Plan (CNMP).

	Score	Air	Water	Community
CNMP	10	3.00	3.00	4.00

The implementation and continuation of a CNMP must be in the construction permit application and made a condition in the approved construction permit.

MUSCATINE COUNTY BOARD OF SUPERVISORS

Danny Chick, District One

Kurt Kirchner, District Two

Scott Sauer, District Three

Nathan Mather, District Four

Jeff Sorensen, District Five

October 12, 2026

Subject: JDSD Farms LLC Construction Permit Application for a proposed Confinement Feeding Operation.

The Muscatine County Board of Supervisors have reviewed the Master Matrix and Construction Permit Application for JDSD Farms - Dumont East Site.

Public Notice was published on 09/24/2026 and the proof of publication is attached.

Matrix as scored by Muscatine County = 490 points. **Passing** / **Failing** (*circle one*)

Supplemental letters or documentation being sent to the DNR – **No**

Upon review and inspection of the construction site and documents provided, we, the Muscatine County Board of Supervisors, recommend the permit application be:

Approved / **Disapproved** (*circle one*)

Comments or Reason for Disapproval:

Muscatine County Board of Supervisors,

Danny Chick, Chairperson

October 12, 2026

Agenda Packet

Item #5

- FY26-27 Governor's Traffic Safety Bureau (GTSB)
Highway Safety Grant Contract

GOVERNOR'S TRAFFIC SAFETY BUREAU IOWA DEPARTMENT OF PUBLIC SAFETY

215 East 7th Street, 3rd Floor

Des Moines, IA 50319-0248

<https://dps.iowa.gov/bureaus-iowa-department-public-safety/gtsb>

Subrecipient	Muscatine County Sheriff's Office
Project Agreement Number	402-PT-2027 05-01-92
Federal Funds	\$61,000.00
Total Federal Funds Obligated	\$61,000.00
Total Amount of Federal Funds	\$61,000.00
UEI	GULQH4TJ2S34
FAIN(s)	69A37525300004020IA0
Federal Award Date	10/01/2024
Period of Performance	10/1/2026 – 09/30/2027
Budget Period	10/1/2026 - 09/30/2027
Federal Award Project Description	State and Community Highway Safety Grant
Federal Awarding Agency	National Highway Traffic Safety Administration
Assistance Listing & Title	20.600, State and Community Highway Safety
Research & Development Funds	No
Indirect Cost Rate	Not Applicable

This Project Agreement will become effective upon Subrecipient receipt of the signed and dated document from the Governor's Traffic Safety Bureau, not to commence prior to October 1. The Subrecipient agrees to furnish and deliver all products and perform all services within their authorized jurisdiction set forth in the Statement of Work and Services for the consideration stated herein. When approved, the instrument becomes a Project Agreement to accomplish the provisions contained within the fiscal year's current Highway Safety Plan, and thereby constitutes an official project with the Governor's Traffic Safety Bureau (GTSB). This activity complies with current federal surface transportation authorization legislation, National Highway Traffic Safety Administration (NHTSA) regulations, and the GTSB Policy and Procedures Manual.

STATEMENT OF WORK & SERVICES

- The Project Agreement will be monitored by the National Highway Traffic Safety Administration (NHTSA) and GTSB.
- The Subrecipient will absorb all costs not contained in this Project Agreement.
- The project will be evaluated on all items contained in the Project Agreement Activities and the Project Budget.
- There will be no change in the Statement of Work and Services or budget without prior written approval of GTSB.
- The Subrecipient will comply with all requirements contained within the Policies and Procedures Manual of GTSB, as amended.
- All documents relative to project activities will be maintained for three years in the Subrecipient's office and will be available for review during regular office hours.
- The problem statement and countermeasures outlined in the Subrecipient's application serve as the foundation for the Project Agreement Activities.
- All reimbursements will be made via electronic funds transfer (EFT).

Project Agreement Activities

- a. Conduct planned high visibility traffic enforcement with an effort directed at occupant restraint, impaired driving, speed, hands-free, and move over violations during times and at locations identified by your agency, the Iowa DOT or GTSB as high risk, with documented enforcement action(s) issued to violator(s).
- b. Conduct high visibility traffic enforcement during a minimum of 3 of these designated waves:
 - November 25-29, 2026 (Impaired)
 - December 16, 2026 through January 1, 2027 (Impaired)
 - April 5-12, 2027 (Distracted)
 - May 17, 2027- June 6, 2027 (Occupant Protection)
 - August 11, 2027- September 5, 2027 (Impaired)
- c. Conduct or participate in a minimum of one multi-jurisdictional targeted traffic enforcement project.
- d. Conduct a minimum of twelve public information activities aimed at improving driver safety behaviors.
- e. Conduct two observational occupant protection surveys: one in May and one in September.
- f. Purchase a minimum of 2 Moving Radar(s) and utilize for speed enforcement.
- g. Purchase a minimum of 3 DPS-approved preliminary breath tester (PBT(s)) and utilize for impaired driving traffic enforcement.
- h. Participate in traffic safety training with prior GTSB approval and submit a trip report within two weeks following any out-of-state travel. All travel reimbursement will be made at State of Iowa approved rates.

Key Dates

- a. Complete a status report that quantifies project activities and hours worked on the project by calendar month and submit by the 15th of the following month of the reporting period.
- b. Complete a corresponding claim for reimbursement matching the dates on the monthly status report, including all applicable supporting documentation, and submit within 30 days of the expense being paid by the subrecipient. The final claim is due no later than November 1.
- c. By August 1, submit claim(s) for expenses incurred prior to July 1.

- d. By August 1, submit all Project Agreement amendments including the transfer of funds between line items of the budget.

Project Budget

Personnel Services:

Directed overtime for general enforcement	\$35,000.00
Directed overtime for impaired enforcement	\$19,800.00
Training related travel	\$1,000.00

Equipment:

A minimum of 2 moving radar(s)	\$4,000.00
A minimum of 3 PBT(s)	\$1,200.00

Total: \$61,000.00

PROJECT AGREEMENT GENERAL CONDITIONS

Expense Documentation – The Subrecipient will document the expenditure of such funds authorized as eligible for reimbursement in accordance with the conditions of this Project Agreement upon submission of the claim.

Copyrights - The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

- a. The copyright of any work developed under a grant, sub-grant, or contract under a grant or sub-grant; and
- b. Any rights of copyright to which a grantee, sub grantee or a Subrecipient purchases ownership with grant support.

Equipment - Equipment acquired under this agreement for use in highway safety program areas shall be used and kept in operation for highway safety purposes in accordance with 23 CFR 1300.31.

- a. *Title* - Except as provided in paragraphs (e) and (f) of this section, title to equipment acquired under 23 U.S.C. Chapter 4 and Section 1906 will vest upon acquisition in the State or its Subrecipient, as appropriate, subject to the conditions in paragraphs (b) through (d) of this section.
- b. *Use* – All equipment shall be used for the originally authorized grant purposes for as long as needed for those purposes, as determined by the Regional Administrator, and neither the State nor any of its Subrecipients or contractors shall encumber the title or interest while such need exists. GTSB considers equipment purchased using federal funds to have a useful life expectancy of at least five years unless documentation is provided to the contrary.
- c. *Management and disposition* – subject to the requirements of paragraphs (b), (d), (e), and (f) of this section, States and their Subrecipients and contractors shall manage and dispose of equipment acquired under 23 U.S.C. Chapter 4 and Section 1906 in accordance with State laws and procedures.
 1. *Purchases* – Subrecipients shall receive prior written approval from NHTSA and GTSB for all equipment purchases over \$10,000.00. Failure to secure prior approval will result in the Subrecipient being responsible for the cost of the equipment purchase; retroactive approval from NHTSA is not an option.

2. *Dispositions* - Disposition of equipment with a useful life of more than one year and an acquisition cost of \$10,000.00 or more shall receive prior written approval from NHTSA unless the equipment has exceeded its useful life as determined by GTSB policy. Disposition of equipment with a useful life of more than one year and an acquisition cost of less than \$10,000.00 shall be reported to GTSB. Equipment destroyed during its useful life shall be replaced by the Subrecipient. The Subrecipient will notify GTSB of the date the equipment was rendered unusable and the replacement information to include manufacturer, date equipment was received and serial number.
- d. *Right to transfer title* – The Regional Administrator may reserve the right to transfer title to equipment acquired under this part to the Federal Government or to a third party when such third party is eligible under Federal statute. Any such transfer shall be subject to the following requirements:
 1. The equipment shall be identified in the grant or otherwise made known to the State in writing.
 2. The Regional Administrator shall issue disposition instructions within 120 calendar days after the equipment is determined to be no longer needed for highway safety purposes, in the absence of which the State shall follow the applicable procedures in 2 CFR parts 200 and 1201.
- e. *Federally-owned equipment* – In the event a State or its Subrecipient is provided federally-owned equipment:
 1. Title shall remain vested in the Federal Government.
 2. Management shall be in accordance with Federal rules and procedures, and an annual inventory listed shall be submitted by the State.
 3. The State or its Subrecipients shall request disposition instructions from the Regional Administrator when the item is no longer needed for highway safety purposes.
 4. GTSB does not allow equipment purchased using federal funds to be sold without written prior approval from GTSB.

Project Agreement Amendments – Project Agreement amendments must occur if there is a change in budget within the same funding source, to change the required scope of work, a change in an equipment purchase including quantity or addressing an unplanned occurrence. The Subrecipient must submit an amendment request to GTSB for approval. Once GTSB has issued an approval for the change, the Subrecipient may proceed with the amended activity. No change in a Project Agreement will be accepted within 60 days of the close of the project.

Release of Data and Findings – Unless otherwise stated in the Project Agreement, the Subrecipient may not release reports, information, publication information and education materials, and so forth if produced under the terms of the Project Agreement without providing GTSB with a copy for review and comment at least thirty (30) days in advance of submission for publication. This section applies to such elements as scholarly journals, professional conferences and seminars, final reports, surveys, and news releases.

Litigation – To the extent allowed by applicable law, the Subrecipient agrees to pay the cost of any litigation should said Subrecipient fail to comply with the rules and regulations in this Project Agreement or should said Subrecipient prove to be negligent or incompetent. In carrying out the provisions of the Project Agreement or in exercising any power or authority granted to the Subrecipient, there shall be no liability, personal or otherwise, upon the GTSB as that office acts in accordance with the State. Furthermore, to the extent allowed by law, including but not limited to Iowa Code Chapter 669 and the Iowa Constitution, the Subrecipient shall be responsible for all claims and damages that directly result from the negligent acts or omissions of Subrecipient, its employees or agents to the extent permitted by Iowa Code Chapter 669.

Termination – Either party may terminate this agreement by providing written notice to the other party at least thirty (30) days in advance, specifying the effective date of termination.

CERTIFICATIONS AND ASSURANCES

Nondiscrimination (Applies to Subrecipients as Well as States) - The State highway safety agency [and its Subrecipients] will comply with all Federal statutes and implementing regulations relating to nondiscrimination (“Federal Nondiscrimination Authorities”). These include but are not limited to:

- *Title VI of the Civil Rights Act of 1964* ([42 U.S.C. 2000d](#) et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- [49 CFR part 21](#) (entitled *Non-discrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964*);
- [28 CFR 50.3](#) (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);
- *The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970*, ([42 U.S.C. 4601](#)), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- *Federal-Aid Highway Act of 1973*, ([23 U.S.C. 324](#) et seq.), and *Title IX of the Education Amendments of 1972*, as amended ([20 U.S.C. 1681-1683](#) and [1685-1686](#)) (prohibit discrimination on the basis of sex);
- *Section 504 of the Rehabilitation Act of 1973*, ([29 U.S.C. 794](#) et seq.), as amended, (prohibits discrimination on the basis of disability) and [49 CFR part 27](#);
- *The Age Discrimination Act of 1975*, as amended, ([42 U.S.C. 6101](#) et seq.), (prohibits discrimination on the basis of age);
- *The Civil Rights Restoration Act of 1987*, (Pub. L. 100-209), (broadens scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal aid recipients, Subrecipients and contractors, whether such programs or activities are Federally-funded or not);
- *Titles II and III of the Americans with Disabilities Act* ([42 U.S.C. 12131-12189](#)) (prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing) and [49 CFR parts 37](#) and [38](#);

Political Activity (Hatch Act) (Applies to Subrecipients as Well as States) - The State will comply with provisions of the Hatch Act ([5 U.S.C. 1501-1508](#)), which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

Certification Regarding Federal Lobbying (Applies to Subrecipients as Well as States)

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions;
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all Subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Restriction on State Lobbying (Applies to Subrecipients as Well as States)

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., “grassroots”) lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Certification Regarding Debarment and Suspension (Applies to Subrecipients as Well as States)

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180](#) and [1200](#).
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in [2 CFR parts 180](#) and [1200](#). You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled “Instructions for Lower Tier Participant Certification” including the “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with [2 CFR parts 180](#) and [1200](#).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under [48 CFR part 9, subpart 9.4](#),

debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov>).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Tier Covered Transactions

1. The prospective primary tier participant certifies to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
 - b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.
2. Where the prospective primary tier participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Lower Tier Participant Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180](#) and [1200](#).
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in [2 CFR parts 180](#) and [1200](#). You

may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with [2 CFR parts 180](#) and [1200](#).
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Buy America (Applies to Subrecipients as Well as States) - The State and each Subrecipient will comply with the Buy America requirement ([23 U.S.C. 313](#)) when purchasing items using Federal funds. Buy America requires a State, or Subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

Certification on Conflict of Interest (Applies to Subrecipients as Well as States)
General Requirements

No employee, officer or agent of a State or its Subrecipient who is authorized in an official capacity to negotiate, make, accept or approve, or to take part in negotiating, making, accepting or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
 - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential sub awardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

Disclosure Requirements

No State or its Subrecipient, including its officers, employees or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may
 - a. terminate the award, or
 - b. determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present or currently planned organizational, financial, contractual or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

Prohibition on Using Grant Funds To Check for Helmet Usage (Applies to Subrecipients as Well as States)

- The State and each Subrecipient will not use [23 U.S.C. Chapter 4](#) grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

October 12, 2026

Agenda Packet

Item #6a

- Zoning Commission Meeting Summary 10-02-26
- Zoning Commission Development Report
- Resolution # 10-12-26-01 – Approval of the Combined Preliminary and Final Plat of a Subdivision in the NE1/4 of the NW1/4, Sec.13, T78, R2W
- Certificate of Acceptance of Plat – NE1/4 of the NW1/4, Sec 13, T78N, R2W Subdivision

REQUESTS REVIEWED BY THE ZONING COMMISSION

The Muscatine County Zoning Commission met in the Muscatine County Board of Supervisors Office, Administration Building on Friday, October 2, 2026, with Zoning Commission Members Brad Akers (phone), Laura Curtis Kramer, and Martha Peterson present. Tom Harper and Ashley Spitler were absent. The following items were discussed and voted on:

Request: Agenda Item #Z26-10-01

An application has been filed by Sherri Manjoine, Record Owner, requesting approval of the combined preliminary/final plat of the one-lot subdivision, A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W. The proposed subdivision is in Wilton Township, 2722 120th St, zoned A-1 Agricultural District, and would contain 2.15 acres.

Motion: Martha Peterson made a motion to approve the combined preliminary/final plat of the one-lot subdivision, A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W; Brad Akers seconded the motion.

Vote: Motion approved/Denied. Ayes – 3; Opposed – 0; Absent – 2

Reasons for allowing Request:

After considering the proposed plat and hearing discussions from the applicant and other interested parties, the Zoning Commission found that the proposed lot meets the lot size, width, and frontage requirements for the A-1 District. All land will remain zoned A-1 Agricultural and is subject to the land use restrictions of that district.

Request: Agenda Item #Z26-10-02

An application has been filed by Drake Farms LLC, Record Owner, requesting approval of the combined preliminary/final plat of the one-lot subdivision, Drake Farms Investment Subdivision. The proposed subdivision would be in Wilton Township, in the SW ¼ of Sec. 29-T78N-R1W, 1469 Taylor Ave, zoned A-1 Agricultural District, and would contain 5.68 acres.

Motion: Martha Peterson made a motion to approve the combined preliminary/final plat of the one-lot subdivision, Drake Farms Investment Subdivision, subject to the addition of an easement for access to the adjoining farmland; Brad Akers seconded the motion.

Vote: Motion approved/Denied. Ayes – 3; Opposed – 0; Absent – 2

Reasons for allowing Request:

After considering the proposed plat and hearing discussions from the applicant and other interested parties, the Zoning Commission found that as a farm exempt land use, the property is exempt from lot area, shape, width, and frontage requirements.

ZONING COMMISSION DEVELOPMENT REPORT

- **Zoning Agenda Item #Z26-10-01**
- **Name of Property Owner:** Sherri Manjoine
- **Name of Applicant (if different):** N/A
- **Property Description:** The proposed subdivision is in Wilton Township, 2722 120th St, zoned A-1 Agricultural District, and would contain 2.15 acres.
- **Request:** Approval of the combined preliminary/final plat of the one-lot subdivision, A Subdivision in the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$, Sec.13, T78N, R2W.

General Description of Proposed Development

- **Introduction:** Applicant wishes to split the existing farmhouse from the contiguous farm ground.
- **Background:** The zoning ordinance allows for existing farmhouses that are over ten years old to be split from contiguous farm ground.
- **Recommendation/Rationale:** Staff recommends approval.
- **Backup Information**
 - The proposed lot meets the lot size, width and frontage requirements of the A-1 district.
 - All land remains zoned A-1 Agricultural and is subject to the land use restrictions of that district.

APPROVAL OF THE COMBINED PRELIMINARY AND FINAL PLAT OF A
SUBDIVISION IN THE NE¼ OF THE NW¼, SEC.13, T78N, R2W

WHEREAS, there has been presented before the Board of Supervisors of Muscatine County, Iowa, a dedication and plat of the proposed subdivision “A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W”; and

WHEREAS, said plat has heretofore been approved by the Zoning Commission of Muscatine County, Iowa; and

WHEREAS, said dedication and plat fully conform with all laws of the State of Iowa and all ordinances of Muscatine County, Iowa, applicable thereto; and

WHEREAS, the platting of said subdivision is conducive to orderly development within Muscatine County, Iowa, is not in conflict with any extensions of the established road systems of Muscatine County, Iowa, and is in harmony with the comprehensive plan of zoning now in effect within Muscatine County, Iowa; and

WHEREAS, the subdivision of said real estate and the plat thereof were accepted and approved by the Muscatine County Board of Supervisors following a public meeting on October 12, 2026.

NOW, THEREFORE, be it resolved by the Board of Supervisors of Muscatine County, Iowa, as follows:

- Section 1. The said subdivision is hereby designated as “A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W”, a subdivision in Muscatine County, Iowa, and that the descriptions of lots and parcels of land located therein shall be according to the number and designation thereof as set forth on said plat.
- Section 2. The Chairperson of the Board of Supervisors and the Auditor of Muscatine County, Iowa, are hereby authorized and directed to certify this Resolution in order that the same and all other matters material to said subdivision may be recorded in the Office of the Recorder of Muscatine County, Iowa.

PASSED and APPROVED this 12th day of October 2026.

Agenda Packet

Item #6b

- Zoning Commission Meeting Summary 10-02-26
- Zoning Commission Development Report
- Resolution # 10-12-26-02 – Approval of the Combined Preliminary and Final Plat of Drake Farms Investment Subdivision
- Certificate of Acceptance of Plat – Drake Farms Investment Subdivision

REQUESTS REVIEWED BY THE ZONING COMMISSION

The Muscatine County Zoning Commission met in the Muscatine County Board of Supervisors Office, Administration Building on Friday, October 2, 2026, with Zoning Commission Members Brad Akers (phone), Laura Curtis Kramer, and Martha Peterson present. Tom Harper and Ashley Spitler were absent. The following items were discussed and voted on:

Request: Agenda Item #Z26-10-01

An application has been filed by Sherri Manjoine, Record Owner, requesting approval of the combined preliminary/final plat of the one-lot subdivision, A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W. The proposed subdivision is in Wilton Township, 2722 120th St, zoned A-1 Agricultural District, and would contain 2.15 acres.

Motion: Martha Peterson made a motion to approve the combined preliminary/final plat of the one-lot subdivision, A Subdivision in the NE¼ of the NW¼, Sec.13, T78N, R2W; Brad Akers seconded the motion.

Vote: Motion approved/Denied. Ayes – 3; Opposed – 0; Absent – 2

Reasons for allowing Request:

After considering the proposed plat and hearing discussions from the applicant and other interested parties, the Zoning Commission found that the proposed lot meets the lot size, width, and frontage requirements for the A-1 District. All land will remain zoned A-1 Agricultural and is subject to the land use restrictions of that district.

Request: Agenda Item #Z26-10-02

An application has been filed by Drake Farms LLC, Record Owner, requesting approval of the combined preliminary/final plat of the one-lot subdivision, Drake Farms Investment Subdivision. The proposed subdivision would be in Wilton Township, in the SW ¼ of Sec. 29-T78N-R1W, 1469 Taylor Ave, zoned A-1 Agricultural District, and would contain 5.68 acres.

Motion: Martha Peterson made a motion to approve the combined preliminary/final plat of the one-lot subdivision, Drake Farms Investment Subdivision, subject to the addition of an easement for access to the adjoining farmland; Brad Akers seconded the motion.

Vote: Motion approved/Denied. Ayes – 3; Opposed – 0; Absent – 2

Reasons for allowing Request:

After considering the proposed plat and hearing discussions from the applicant and other interested parties, the Zoning Commission found that as a farm exempt land use, the property is exempt from lot area, shape, width, and frontage requirements.

- **Request:** Approval of the combined preliminary/final plat of the one-lot subdivision, Drake Farms Investment Subdivision.

General Description of Proposed Development

- **Background:** Applicant would like to split an existing hog barn from contiguous farm ground.
- **Recommendation/Rationale:** Staff recommends approval.
- **Backup Information**
 - A hog confinement is a permitted land use in the A-1 District.
 - As a farm exempt land use, this property is exempt from lot area, shape, width, and frontage requirements.

RESOLUTION #10-12-26-02
APPROVAL OF THE COMBINED PRELIMINARY AND FINAL PLAT OF
DRAKE FARMS INVESTMENT SUBDIVISION

WHEREAS, there has been presented before the Board of Supervisors of Muscatine County, Iowa, a dedication and plat of the proposed subdivision “Drake Farms Investment Subdivision”; and

WHEREAS, said plat has heretofore been approved by the Zoning Commission of Muscatine County, Iowa; and

WHEREAS, said dedication and plat fully conform with all laws of the State of Iowa and all ordinances of Muscatine County, Iowa, applicable thereto; and

WHEREAS, the platting of said subdivision is conducive to orderly development within Muscatine County, Iowa, is not in conflict with any extensions of the established road systems of Muscatine County, Iowa, and is in harmony with the comprehensive plan of zoning now in effect within Muscatine County, Iowa; and

WHEREAS, the subdivision of said real estate and the plat thereof were accepted and approved by the Muscatine County Board of Supervisors following a public meeting on October 12, 2026.

NOW, THEREFORE, be it resolved by the Board of Supervisors of Muscatine County, Iowa, as follows:

- Section 1. The said subdivision is hereby designated as “Drake Farms Investment Subdivision”, a subdivision in Muscatine County, Iowa, and that the descriptions of lots and parcels of land located therein shall be according to the number and designation thereof as set forth on said plat.
- Section 2. The Chairperson of the Board of Supervisors and the Auditor of Muscatine County, Iowa, are hereby authorized and directed to certify this Resolution in order that the same and all other matters material to said subdivision may be recorded in the Office of the Recorder of Muscatine County, Iowa.

PASSED and APPROVED this 12th day of October 2026.

- Board of Supervisors Meeting Minutes 10-05-26

Muscatine County Board of Supervisors
Monday, October 5, 2026

The Muscatine County Board of Supervisors met in regular session at 9:00 A.M. with Chick, Kirchner, Mather, Sauer and Sorensen present. Chairperson Chick presiding.

On a motion by Sorensen, second by Sauer, the agenda was approved as presented. Ayes: All.

Director of Public Health Jen Craft presented the Public Health System Alignment Phase 1- Planning, Funding and Timeline; Phase 2- Implementation of District Plan, with key points for implementation and funding to occur January 1, 2027 to June 30, 2028. Craft reviewed the statewide plan designed to guide district plan development and stated no changes to current local public health funding strategies will occur before July 1, 2028. Craft stated the responsibilities will still occur at the local level and with local needs. Craft stated Black Hawk County will be the lead entity for the district. The Board held discussion regarding Phase 1 and Phase 2 as presented.

On a motion by Sorensen, second by Sauer, the Board approved the following utility permit with County Engineer Bryan Horesowsky: Windstream Iowa Communications, Little Rock, Arkansas- place approximately 300 feet of copper cable from terminal and under Vail Avenue to 1029 Vail Avenue, Durant, Iowa. Section 1-T78N-R01W and Section 6-T78N-R01E. Ayes: All.

Horesowsky updated the Board on secondary road projects.

On a motion by Sauer, second by Kirchner, the Board approved the minutes of the September 28, 2026, regular meeting. Ayes: All.

Correspondence:

Chick received text messages from Andy Moore. Chick referred the messages to County Engineer Bryan Horesowsky.

Committee & Meeting Reports:

Chick attending a Housing Council meeting on September 30, 2026.

Sorensen and Sauer attended a Region 9 Transportation Policy Board meeting on September 30, 2026. Sorensen stated the 30-day closure (approximate) of Illinois Highway 92 bridge for spring 2027 was discussed.

On a motion by Mather, second by Sorensen the Board approved Resolution #10-05-26-01 Transferring Funds in the amount of \$300,000 from the General Basic Fund to the Secondary Roads Fund. Roll call vote: Ayes: All.

**RESOLUTION # 10-05-26-01
TRANSFERRING FUNDS FROM THE GENERAL BASIC FUND TO THE
SECONDARY ROADS FUND**

WHEREAS, it is desired to authorize the Auditor periodically to transfer sums from the General Basic Fund to the Secondary Roads Fund; and

WHEREAS, said transfers must be in accordance with Sections 331.429 and 331.432 of the Code of Iowa.

NOW, THEREFORE, BE IT RESOLVED by the Muscatine County Board of Supervisors that the Auditor is authorized to transfer \$300,000 from the General Basic Fund to the Secondary Roads Fund.

PASSED AND APPROVED this 5th day of October, 2026.

ATTEST:

/s/Danny Chick, Chairperson
Muscatine County Board of Supervisors

On a motion by Sorensen, second by Kirchner, the Board approved Resolution #10-05-26-02 Transferring Funds in the amount of \$1,155,000 from the Rural Services Fund to the Secondary Roads Fund. Roll call vote: Ayes: All.

**RESOLUTION # 10-05-26-02
TRANSFERRING FUNDS FROM THE RURAL SERVICES FUND TO THE
SECONDARY ROADS FUND**

WHEREAS, it is desired to authorize the Auditor periodically to transfer sums from the Rural Services Fund to the Secondary Roads Fund; and

WHEREAS, said transfers must be in accordance with Sections 331.429 and 331.432 of the Code of Iowa.

NOW, THEREFORE, BE IT RESOLVED by the Muscatine County Board of Supervisors that the Auditor is authorized to transfer \$1,155,000 from the Rural Services Fund to the Secondary Roads Fund.

PASSED AND APPROVED this 5th day of October, 2026.

ATTEST:

/s/Tibe Vander Linden
Muscatine County Auditor

/s/Danny Chick, Chairperson
Muscatine County Board of Supervisors

County Auditor Tibe Vander Linden requested to hire a replacement Real Estate/Elections Clerk at Grade 8/Step 3 as the new hire has county experience and the former employee in this position was paid at Grade 8/Step 3. On a motion by Sorensen, second by Mather, the Board approved a hiring request for a Real Estate/Elections Clerk at Grade 8/Step 3 for the Auditor's office effective October 3, 2026. Ayes: All.

Vander Linden stated early in person voting in the Auditor's office for the 2026 General Election will start on Wednesday, October 14, 2026, and end on November 2, 2026. The Auditor's office will be open Monday to Friday from 8:00 A.M. to 4:30 P.M. The Auditor's office will also be open for early voting on Saturday, October 24, 2026, from 8:00 A.M. to 2:00 P.M. as a Satellite voting station and open Saturday, October 31, 2026 from 8:00 A.M. to 5:00 P.M. Vander Linden stated the full schedule of Satellite locations and voting hours are posted on the county website, bulletin boards and published in the Muscatine Journal and Wilton Advocate newspapers.

Sorensen stated there is no word on when the Ports of Eastern Iowa PDIP grant will be awarded.

The meeting was adjourned at 9:21 A.M.

Re: New Hire

Adam Hanson has accepted the position of Assistant County Attorney. Adam is currently an Assistant County Attorney in Bremer County, Iowa.

I am requesting to hire Adam at Step 6 as he has been a licensed attorney since 2015, and a prosecutor since 2022. I also request to bring him in at the second step of vacation accrual to reflect his time with Bremer County.

If you have any questions, I will be happy to answer at any time or at the Board meeting on October 12, 2026.

A handwritten signature in blue ink, appearing to be 'K. Talkington', is located at the bottom left of the page. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Agenda Packet

Item #11b

- Muscatine County Commercial Driver's License Costs Policy
- New Hire CDL Reimbursement Agreement

**MUSCATINE COUNTY
COMMERCIAL DRIVER'S LICENSE COSTS POLICY**

If an employee hired after the effective date of this policy does not have a Commercial Driver's License (CDL), the employee shall, upon training and certification paid for by Muscatine County, be liable to Muscatine County for the costs of such training and certification as outlined in the applicable Reimbursement Agreement.

If an employee hired after the effective date of this policy already has a CDL and owes reimbursement to the employee's former employer for those certification costs by reason of the employee's resignation from that position to take employment with Muscatine County, Muscatine County will make reimbursement to the former employer on behalf of the employee. The employee shall be liable to Muscatine County for the amount of such reimbursement.

In the event the Employee ceases employment with the Muscatine County Secondary Roads Department, prior to having been employed for two consecutive years, the Employee shall reimburse the County for the cost of the Class A CDL training and DOT testing, associated with obtaining the CDL, or for any amount paid to a former employee for certification costs on the employee's behalf, per the schedule in the applicable reimbursement agreement.

If the employee is dismissed from employment with the Muscatine County Secondary Roads Department or dies during the two-year period, neither the employee nor the employee's estate shall be required to reimburse the County.

Payment in whole of training costs owed to the County by Employee shall be made on the last day the Employee is employed by the County if the Employee resigns prior to this agreement expiring, or the County shall withhold the maximum allowed amount from the employee's last paycheck upon resignation, with the employee being responsible for reimbursement of any remaining balance.

Current employees requesting to upgrade their CDL license will be required to submit the request in writing to the County Engineer. An interview with the County Engineer will also be required. The interview will discuss the potential need for the upgrade to the CDL license the employee currently holds. County Engineer will determine if the upgraded CDL is needed and if it warrants County participation in training/testing costs. Training/testing costs may be waived for current employees at the County Engineer's discretion.

Employee's Signature

Date

Employer's Signature

Date

COMMERCIAL DRIVER'S LICENSE (CDL) REIMBURSEMENT AGREEMENT (NEW HIRE)

This agreement is entered into by Muscatine County, Iowa hereinafter referred to as "County", and employee, hereinafter referred to as "Employee". This agreement is in addition to and not in lieu of any other employment agreement and the provisions set out in the personnel policy.

THE INTENT OF THIS AGREEMENT IS TO PROVIDE FOR THE COMMERCIAL DRIVER'S LICENSE (CDL) TRAINING AND DOT TESTING OF EMPLOYEE AND TO SPECIFY THE CONSIDERATION THAT EMPLOYEE PROVIDE THE COUNTY IN RETURN FOR THE TRAINING. IT SHALL NOT BE CONSTRUED IN ANY WAY AS AN EMPLOYMENT AGREEMENT WHICH WOULD CONFER A PROPERTY RIGHT OR INTEREST ON EMPLOYEE.

The County and the Employee agree that the Employee will attend a certified Class A CDL training class and Iowa DOT test at the expense of the County to receive a Class A CDL. The County shall pay the expense of training, DOT testing, and the employee's regular wage during this time. The employee is responsible for obtaining the Class A CDL permit prior to attending the training and DOT test for certification.

In the event the Employee does not successfully complete the Class A CDL training program/DOT test, the Employee shall be responsible for obtaining a Class A or B CDL, as an essential job function, at their own expense within 6 months, or they may be released from employment with the County.

If a newly hired employee already has a CDL and owes reimbursement to the employee's former employer for those certification costs by reason of the employee's resignation from that position to take employment with Muscatine County, Muscatine County will make reimbursement to the former employer on behalf of the employee. The employee shall be liable to Muscatine County for the amount of such reimbursement.

In exchange for Muscatine County paying for the Class A CDL training and DOT testing or making payment on behalf of the employee to a former employer, the Employee agrees to follow the reimbursement schedule below.

In the event the Employee ceases employment with the Muscatine County Secondary Roads Department, prior to having been employed for two consecutive years, the Employee shall reimburse the County for the cost of the Class A CDL training and DOT testing associated with obtaining the CDL, or the cost of reimbursement to a former employer on the employee's behalf, per the following schedule:

The amount of reimbursement shall be determined as follows:

1. If the employee ceases employment prior to one year following the completion of approved training and CDL certification, the employee will reimburse the County one hundred percent (100%) of either the training and DOT testing expense or the cost of reimbursement to a former employer on the employee's behalf.

2. If the employee ceases employment between one year, but less than two years following the completion of approved training and CDL certification, the employee will reimburse the County fifty percent (50%) of either the training and DOT testing expense or the cost of reimbursement to a former employer on the employee's behalf
3. At the end of two years of service, the employee shall be deemed to have satisfied this agreement and no reimbursement is required.

If the employee is dismissed from employment with the Muscatine County Secondary Roads Department or dies during the two-year period, neither the employee nor the employee's estate shall be required to reimburse the County.

Payment in whole of costs owed to the County by Employee shall be made on the last day the Employee is employed by the County if the Employee resigns prior to this agreement expiring, or the County shall withhold the maximum allowed amount from the employees last paycheck upon resignation, with the employee being responsible for reimbursement of any remaining balance.
